DWCC - Inmate Jamar Webb spit on Sgt. Butler 12/11/05

EHCC - Two suicide attempts (Ronald Cage #109982 on 12/15/2005 and Darrel Mathieu #268731 on 12/17/2005).

LCIW - The one other in Category A was a power failure which resulted in the lock-down of one dormitory. These inmates were placed on lock-down in their rooms only because of behavior problems during the power outage as a method of letting them know disorderly behavior will not be tolerated. The normal routine was maintained for this dorm as with the other dorms except they were escorted by staff to and from meals and medication.

FWADE - Inmate Death - Gregory Holmes, DOC #465122.

ALC - Agg. sex offenses - 12 inmates at 1 each, 2 inmates with 2 each.

DWCC - SA #'s decreased due to decline in AA participation/pre-release in MH building. Sex Offender group participation down due to holiday and pre-release. OTG group contacts decreased because Gavel Club only met one time during Dec. Pre-release category decreased because no YOG groups for Life Skills and BASE program number decreased significantly. YOG had approximately 177 contacts during reentry program-55 enrolled.

LSP - Substance Abuse contacts do not include inmate led Substance Abuse organizations that have met due to construction in the education building. With the gradual release of parish inmates housed at LSP, group sessions have begun to resume.

WCI - Various groups were not held during the month of December as a result of the electrical conditions of the building which the groups are held

WTFM - The holidays precluded some of our groups taking place

EHCC - DEC-HEALTH CARE BASIC-DENTAL-OUR PART-TIME DENTIST CONTRACT WAS CANCELLED THIS MONTH, NUMBER LOWER FROM PRIOR MONTH.

LSP - We no longer have telemedicine. The decrease in sickcall may be attributed to a decrease in farm lines going out. Dental clinic experienced a shortage in dentist for the month due to personal and family illnesses which resulted in fewer patients being seen.

PCC - DECEMBER/2005 - Sick call decreased by 74. Doctor's call decreased by 45 and other decreased by 102. This can be attributed to the holidays. Thirty of the Total Inpatient Days can be attributed to one inmate. New prescriptions increased by 52 and medication doses increased to 293. This is due to seasonal colds and new Health Care Authority with different prescribing methods. Lab work increased by 19. Some of this was routine, others were specially ordered by the physician.

WCI - Pharmacy total numbers down due to the holidays.

FWADE - Inmates spent 62 days in hospital off site.

LCIW - PPD: Of the New Commits, 3 came in on 12/29/05; their PPD's were not performed in December; 4 New Commits had a history of exposure and therefore were not tested; 7 were "transferred" in from our evacuee population and had been tested prior to December.

INH: 1 New Commit was started on INH due to a (+) PPD upon admission;
1 New commit was started on INH because she had a positive history but had never been treated.

Skin Infections: This number represents the number of individuals that presented for treatment of any localized skin infection. None were cultured, so none are reported as diagnosed w/ staph.

WCI - 2 inmates refused PPD testing this reporting month and both were issued RVR's.

AVC - There were a total of 50 new intakes during the month of December of these 10 were Hypertensive and on medications.

DCI - Our Cardiac and Hypertensive Diets are the same.

LCIW - "Weight Reduction" diets were discontinued following the outcome of a compliance study. In addition, pregnant inmates were evaluated on an individual basis to determine the need for double portions rather than automatically including the diet in the OB orders. These actions reduced special diets by over 68% since the prior month.

WCI - Discontinued sheets were not pulled and they were being counted. This has been corrected with instructions to the staff.

FRDC - "Weight Reduction" diets were discontinued following the outcome of a compliance study. In addition, pregnant inmates were evaluated on an individual basis to determine the need for double portions rather than automatically including the diet in the OB orders. These actions reduced special diets by over 68% since the prior month.

ALC - The 221 in hypertensive therapeutic diets is the amount of inmates on diet for health which includes cardiac, hypertensive, and diabetic.

EHCC - The numbers of students enrolled and on the waiting list for Literacy (LIT) & ABE/GED (ACA) classes appears low because most students at these levels are served through the Adult Ed Grant (GRT) program.

LCIW - Upholstery: YOG participants are counted under Grant Programs (UPH001-GRT), and non-grant participants are counted under College Courses and Vocational Education Classes (UPH001-CVO).
Grant Programs: MKMG01-GRT encompasses freshmen-level college courses offered by RPCC. The current course being offered is Introduction to Sociology.
ABE/GED: GED class slots have been temporarily reduced due to part of the classroom being used to house programs displaced by hurricane evacuees.

WCI - Three inmates show up as in OAS South Jails -- they are evacuees that are physically at WCI
